

In the Specification:

Please replace the original written description and Abstract with the enclosed Substitute Specification and Abstract, in accordance with 37 C.F.R. §1.121(b)(3) and §1.125(b). The Substitute Specification includes no new matter. A Marked-Up Version of the Specification showing all the changes being made to the specification of record is enclosed.

In the Claims:

Please cancel claims 1 to 5. ✓

Claims 6 to 12 (previously canceled).

Please cancel claims 13 to 19. ✓

Please enter new claims 20 to 44, as follows. ✓

-
20. (new) An insulation packet comprising:
- an insulation material; and
 - a directionally selectively permeable film completely surrounding and encasing said insulation material;
 - wherein said film has a directional diffusion characteristic comprising two different diffusion resistances with respect to water vapor diffusing through said film respectively in two opposite directions.
